

April 2017 Webinar Schedule

What's New Webinar 2016-2017

Think Through Math is now Imagine Math! Find out what's behind the change, and what else we've added to the program for the 2016-2017 school year and what's to come. Plus, there will be ample time for Q&A with an Imagine Math Customer Success Manager, so please be sure to bring your questions.

<h2>Journaling with Imagine Math</h2> <p>Helping students to better communicate about mathematical ideas is essential to success with the new standards. The use of a math journal in conjunction with Imagine Math provides additional opportunities for students to both build their conceptual understanding of mathematics as well as their ability to effectively communicate that understanding. This session helps teachers understand the power of math journaling along with providing several easy to implement strategies.</p>

<h2>NEW - Managing Pathways in Imagine Math</h2> <ul style="list-style-type: none"> • Help! My student just finished his grade level pathway! What do I have him work on now? • How can I best leverage Imagine Math to help my students prepare for state testing? • We're moving into the end of the school year, and I want to build a custom review for my students. Is this possible? <p>This 45-minute session will walk you through the basics, as well as the more advanced aspects, of managing the work assigned to students within Imagine Math. A Customer Success Manager will answer the questions above along with any others that you bring regarding how to manage the work assigned to students within Imagine Math.</p>
